

Introduction to Assessment Validation

5 Good Reasons to Attend

- * Benchmark your assessments
- * Meet AQTF requirements
- * Network with other assessors in your industry
- * Eligibility to join an **ITAB External Validation Network** (see below)
- * Participation Certificate for RTO audit

ITAB External Validation Networks:

The ITAB facilitates external validation workshops for assessors in industry specific networks. Currently there are networks for Aged Care, Children's Services and Disability. We hope to expand this in 2012 to other industry sectors.

Participation in an External Validation Network is open to those who have attended an ITAB 'Introduction to Assessment Validation Workshop'.

WORKSHOP for Assessors

New assessors and trainers, as well as those wishing to update their skills, are invited to a half day workshop about assessment validation. The workshop is specifically for those who are delivering qualifications from the CHC08 Community Services Training Package and the HLT07 Health Training Package.

The workshop will provide sound advice and current practices about assessment validation relevant to community services and health industry sectors.

The workshop will assist RTOs to meet AQTF validation requirements as well as contribute to assessor and trainer professional development.

To maximise the experience, workshop numbers will be limited so early registration is advised to secure a place.
